

Financial Services Guide (FSG)

This Financial Services Guide (FSG) is an important document we are required to give you as an Australian financial services licensee. It gives you the following information about AMP Capital Investors Limited ('AMP Capital', 'we', 'us' or 'our'):

- who we are and how we can be contacted
- what services and types of products we are authorised to provide you
- how we and any other relevant parties are paid
- our privacy policy
- how we handle complaints and our dispute resolution procedures.

This FSG relates to financial services we provide to retail clients and is designed to assist you in deciding whether to use any of our financial services.

Other documents you may receive

Before you can invest in one of our products, you will be provided with a Product Disclosure Statement (PDS) for that product. It is important you read the PDS as it contains information to help you make an informed decision about that product such as:

- the terms and conditions of the product
- any associated costs, fees and charges that we may receive
- any significant benefits and risks.

To invest in one of our products you will need to complete the application form attached to the relevant PDS.

Who are we?

AMP Capital is one of Australia's largest investment managers. We work together with a single goal in mind—to create greater wealth for our clients. We employ some of the most open-minded thinkers in equities, fixed income, real estate, infrastructure and multi-asset markets. Our size and the quality and diversity of our people offers home strength with a reach across world markets. That's why our clients entrust us to invest over A\$97 billion* on their behalf.

You can find out more about AMP Capital and AMP by visiting our websites on www.ampcapital.com.au and www.amp.com.au.

How can we be contacted?

If you require any additional information about the operation or management of your product or if you have a concern you can contact Client Services on:

What financial services and financial products are we authorised to provide to you?

AMP Capital holds an Australian financial services licence that authorises us to carry on a financial services business to wholesale and retail clients. These services include:

1. **Provide financial product advice for the following classes of financial products**
 - derivatives
 - foreign exchange contracts
 - government debentures, stocks or bonds
 - investment life insurance products and any products issued by a Registered Life Insurance Company that are backed by one or more of its statutory funds
 - interests in managed investments schemes (excluding investor directed portfolio services—IDPS)
 - securities
 - superannuation.

2. Deal in a financial product by:

- issuing, applying for, acquiring, varying or disposing of the following classes of financial products: derivatives, foreign exchange contracts and interests in managed investment schemes (excluding IDPS) and securities
- applying for, acquiring, varying or disposing of the following classes of financial products on behalf of another person: deposit and payment products (basic, non-basic and non-cash payment facilities); derivatives; foreign exchange contracts; general insurance products; government debentures, stocks or bonds; investment life products and any products issued by a Registered Life Insurance Company that are backed by one or more of its statutory funds; interests in managed investments schemes (excluding IDPS); securities; and superannuation
- underwriting interests in managed investment schemes and an issue of securities.

3. Operate registered managed investment schemes as a responsible entity - limited to schemes which only hold derivatives, direct real property, financial assets and mortgages and operate IDPS-like schemes.

4. Provide custodial or depository services other than IDPS.

We may provide you with general advice in the course of our business. Such advice is not personal advice—it does not take into account your objectives, financial situation and needs.

Because of this you should, before acting on the advice, consider the appropriateness of the advice having regard to your own objectives, financial situation and needs. You should consult your financial adviser if you wish to obtain personal advice.

How are we paid for the services we provide?

If you invest in one of our products, we will receive remuneration in relation to your investment in that product. This remuneration may include:

- management fees (0–3% per annum of the value of the assets of the relevant product)
- performance fees (if applicable, as specified in the PDS for the relevant product)
- recoverable expenses (0–0.05% per annum of the value of the assets of the relevant product).

In some cases other costs such as buy and sell spreads, transactional and operational costs, and costs related to a specific asset or activity to produce income will apply (if applicable, as specified in the PDS for the relevant product). The constitution of the funds also allows us to receive contribution fees, withdrawal fees and in some cases a trusteeship fee and a regular investment plan facility fee. However, we do not currently charge contribution fees, withdrawal fees, trusteeship fees or regular investment plan facility fees on our retail funds.

The remuneration and costs that we will receive for each product is set out in detail in the PDS for that product.

We comply with the Financial Services Council and Financial Planning Association Joint Code of Practice on Alternative Forms of Remuneration, which requires us to maintain a register to record any material forms of alternative remuneration we may pay or receive. We will provide you with a copy of the register free of charge, on request, by contacting us on **1800 188 013**.

We do not charge you additional fees for any factual information or general advice we provide. However, your financial adviser may charge you fees for providing financial product advice. This will be set out in the separate FSG and/or Statement of Advice (SOA) that you will receive from your financial adviser.

How are our staff paid?

Our employees and our executive directors receive salaries, incentive bonuses and other benefits from us. Our employees and executive directors do not receive specific payments or commissions for any advice they may provide. The amount of bonuses and other benefits which employees and executive directors are entitled to will depend on various factors, such as the performance of that person during the year, the achievement of set business goals, and our overall financial performance. Non-executive directors receive fees (and superannuation) for their services.

Payments to financial advisers

You may receive advice about our products from financial advisers that do not work for us (although they may work for another licensee in the AMP group).

You may agree with your financial adviser that advice fees will be paid for financial planning services your financial adviser provides for you. These advice fees are additional to the fees set out in this FSG and are paid to your financial adviser, not to us. You and your financial adviser determine the amount of any advice fees and how they will be charged.

Advice fees may be in the form of an investment advice fee, and/or an ongoing advice fee. An investment advice fee is a one-off fixed percentage of your initial and additional application amounts, and is charged when you make your initial investment and each time you make an additional investment. We deduct this fee from each investment amount and forward it to your financial adviser before issuing units in the fund. An ongoing advice fee is a set percentage of your investment balance, and is paid monthly based on your investment account balance at the end of each month. We deduct this fee monthly from your investment account (by selling the appropriate number of units) and forward it to your financial adviser. You can change the ongoing advice fee at any time by written agreement between you and your financial adviser, and you can cancel the ongoing advice fee at any time.

We may make payments to entities such as dealer groups, platform operators, master trusts and investment administration services in relation to the fund. These payments are paid by us and are not a cost to you. We may make two types of payments to such entities:

- product access payments (as a flat dollar per annum) for administration and related services, which currently may be an amount of up to \$15,000 per annum (GST inclusive) per platform, and/or
- fund manager payments (based on volumes of business generated) which currently may be an amount of up to 0.3% of amounts invested.

The amount of these payments may change during the life of this FSG. Please see the PDS issued by the relevant entity for the current payment amounts.

Your adviser may also receive payments and/or other benefits from the dealer group or the organisation under which they operate.

Your adviser is required to set out the fees, payments and any other benefits they receive in the FSG and/or SOA that they must give you.

Payments to other third parties

We may also make payments or provide other benefits to third parties other than your financial adviser for referring customers to us. This is not a cost to you—we pay this personally.

We may negotiate a rebate of part of the management fee or charge a lower management fee with investors who are wholesale clients (for the purposes of Section 761G and Section 761GA of the Corporations Act) or with AMP staff.

You can ask us for more details about these payments or benefits if you ask for them within a reasonable time after receiving this FSG and before we provide you with any financial services or products.

Related party transactions

We may provide investment management services and products, investment advisory services or act as responsible entity, trustee or investment manager for other companies in the AMP group. We may receive fees, charges or other benefits for acting in these capacities. Where we enter into transactions with related parties, we operate in accordance with the related party protocols and AMP Capital policies and procedures which require us to transact on terms that would be reasonable if the parties were dealing at arm's length.

Providing instructions to us

You can provide instructions to us by phoning, faxing, emailing or writing to us. See 'How we can be contacted?' section.

Some of our products may have their own rules about how to provide instructions or carry out certain transactions. Please refer to the product's PDS for these details.

Privacy

The privacy of your personal information is important to us. We have systems and processes in place to protect your privacy. We need to collect personal information to administer relationships with our investors, to provide appropriate products and services, and to comply with the Anti-Money Laundering and Counter-Terrorism Financing Act 2006.

For detailed information on how we handle your personal information, please read our Privacy Statement available on our website www.ampcapital.com.au, refer to the relevant PDS or call **1800 188 013**.

Compensation and insurance arrangements

We are covered by professional indemnity insurance satisfying the requirements under section 912B of the Corporations Act for compensation arrangements. The insurance is subject to terms and exclusions.

The insurance covers any claims arising from the actions of AMP Capital employees or representatives, even where subsequent to these actions they have ceased to be employed by, or act for us.

You do not have a direct right to claim under this insurance, which is taken out to ensure sufficient resources will be available to meet claims against us.

How we handle complaints and our dispute resolution process

If you have a concern or complaint, please contact Client Services. See 'How can we be contacted?' section.

The Client Services team is available to answer your enquiries or complaints, and will try to resolve your enquiry or complaint as quickly as possible. We have established procedures to deal with any complaints. If you make a complaint, we will:

- acknowledge its receipt and ensure an appropriate person considers the complaint
- respond to you as soon as we can.

If we are unable to resolve your complaint within 24 hours, we will keep you informed, giving the time frame in which we expect to resolve the matter and the name of the representative managing the resolution of your complaint. We may also require additional information from you.

If the matter is not resolved to your satisfaction or is not resolved within 45 days, you may wish to contact the Financial Ombudsman Service (FOS) by telephone on 1300 780 808. FOS is independent from us.

Important information

AMP Capital Investors Limited, referred to in this Product Disclosure Statement (PDS) as 'AMP Capital', 'we' or 'us', is the responsible entity of the AMP Capital Sustainable Share Fund (the Fund) and issuer of this PDS. No other company in the AMP Group is responsible for any statements or representations made in this PDS.

The Fund is a managed investment scheme structured as a unit trust and registered under the Corporations Act 2001 (Cwlth), referred to in this PDS as 'the Corporations Act.'

The Fund is subject to investment risks, which could include delays in repayment, and loss of income and capital invested. No company in the AMP Group or any investment manager assumes any liability to investors in connection with investment in the Fund or guarantees the performance of our obligations to investors, the performance of the Fund or any particular rate of return. The repayment of capital is not guaranteed. Investments in the Fund are not deposits or liabilities of any company in the AMP Group or of any investment manager.

Where the Fund has more than 100 unitholders it is subject to regular reporting and disclosure obligations under the Corporations Act. Copies of documents lodged with the Australian Securities and Investments Commission (ASIC) in relation to the Fund may be obtained from, or inspected at, an ASIC office or can be obtained by contacting us on 1800 188 013. These documents may include:

- the Fund's annual financial report most recently lodged with ASIC, and
- the Fund's half year financial report lodged with ASIC (after the lodgment of the annual financial report and before the date of this PDS).

Where the Fund has continuous disclosure obligations, we will meet those obligations by publishing material information online at www.ampcapital.com.au.

The offer in this PDS is available only to eligible persons as set out in this PDS, who receive the PDS (including electronically) within Australia. We can only accept applications signed and delivered from within Australia. We cannot accept cash.

This offer is subject to the terms and conditions described in this PDS. We reserve the right to change these terms and conditions (see 'Changes to the information in this PDS' on page 23) and to refuse or reject an application.

Unless otherwise specified, all dollar amounts in this PDS are Australian dollars.

The information in this PDS is of a general nature only and does not take into account your personal objectives, financial situation or needs. Consequently, you are encouraged to obtain appropriate financial advice before investing, and to consider how appropriate the Fund is to your objectives, financial situation and needs.

About AMP Capital Investors

AMP Capital Investors is a specialist investment manager with over \$96 billion in funds under management*.

As a wholly owned subsidiary of AMP Limited, we operate with a pure investment focus, while benefiting from the resources of our parent. With over 200 in-house investment professionals* and a carefully selected global network of investment partners, we offer significant depth and breadth of investment expertise.

Increasingly, delivering superior returns to our clients involves looking beyond traditional techniques, to a new generation of investment portfolios. This involves the blending of any number of inputs such as securities, asset classes, geographic regions, styles and even managers to seek to obtain the optimal risk and return outcomes. To do this well requires real depth of in-house investment expertise, a business philosophy open to partnering, and specialist capabilities designed to integrate and maximise the two.

At AMP Capital we have specialist investment teams across a diverse range of disciplines. Each team focuses on searching out and creating the best investment outcomes for our clients. We also collaborate with like-minded investment specialists around the world, leveraging our joint expertise to create new investment opportunities.

Our investment approach is characterised by three distinctive capabilities:

- **Great investment research** Our specialist investment teams interact, sharing knowledge and insights to gain multiple perspectives. This diversity of thought allows us to see things differently and discover new ways to capitalise on the inefficiencies in the market. Most importantly, we make use of our research findings to add value to our clients' portfolios.
- **Deal sourcing** Our scale, brand and relationships give us a competitive edge in deal sourcing and origination. Strong networks and industry contacts, combined with our reputation and experience, provide access to scarce assets. This opens up new and different investment opportunities for our clients.
- **Portfolio construction and packaging** The new generation of investment portfolios demand increasingly complex portfolio construction decisions. With this in mind, we have developed proprietary skills and processes that allow us to select and blend a wide range of investment inputs, from individual securities to the right investment partner. We use these skills to meet the diverse risk return objectives of our clients.

Underpinning these capabilities are our people. We seek to attract the best people, invest in their ongoing professional development, and ensure their interests are clearly aligned with those of our clients.

The combination of our scale, breadth and capability provides access to superior investment opportunity. Reliably, consistently, repeatedly.

* As at 31 March 2010

About the AMP Capital Sustainable Share Fund

Overview

The AMP Capital Sustainable Share Fund invests primarily in companies listed on the Australian Securities Exchange, with the objective of providing investors with competitive returns.

Integrated process

To achieve this objective we use our 'Sustainable Alpha' investment process which integrates environmental, social and governance analysis with financial analysis to look beyond traditional indicators of corporate success.

AMP Capital was one of the first fund managers to use this integrated approach to gain deeper insights into a company's growth and risk elements.

Blended investment style

The Fund's investment style blends value and growth characteristics, identifying stocks that are either:

- undervalued in the market, or
- show the potential for strong growth.

This provides the Fund with the potential to deliver strong returns across a range of market conditions.

Company selection

Our experience in managing funds with a sustainable focus over the past eight years has shown that a company's value is not just in tangible assets such as investments and capital assets but also in intangible assets. Intangible assets include intellectual property, the quality of a company's customer and employee relationships and supply chain, brand and company reputation, and the company's environmentally sustainable practices.

In selecting the companies in which the Fund may invest, we look at these intangible assets in order to expose the hidden factors that contribute to the value of each company.

By researching these dimensions of company performance, we can add value for investors by identifying undervalued companies that have the potential to perform well now and into the future.

'Our Sustainable Alpha investment approach' on page 7 provides further information about how we select companies using our Sustainable Alpha approach.

Benefits of investing in the Fund

For investors seeking to potentially add value and outperformance, the Fund provides:

- access to our 'Sustainable Alpha' investment process, which
 - seeks out the value in companies through their intangible assets, revealing a wider range of corporate growth drivers and risk factors, and
 - involves constructive engagement with managing directors and key staff to encourage them to improve the company's environmental, social and governance performance
- the potential to deliver strong returns across a range of market conditions, through an investment style that blends value and growth characteristics
- exposure to the investment expertise of our specialist Sustainable Alpha team of portfolio managers and social/environmental research specialists, and
- access to AMP Capital's experience as manager of one of the largest portfolios of investments with a sustainable focus in Australia – over \$3.4 billion as at 31 March 2010.

Investment risks

All investing involves risk, and you should consider investment risks before making an investment decision. The key risks of investing in the Fund include or are associated with:

- share market investments – the risk of capital loss exists, especially over the shorter term, and
- companies – factors such as management changes may affect a company's performance.

Risks of investing specific to the Fund may also include or be associated with:

- interest rates
- credit
- derivatives, and
- international investments.

The 'Risks of investing' section of this PDS provides further information about the risks noted above, as well as information about other investment risks of which you should be aware.

Further information

If you have questions about investing in the AMP Capital Sustainable Share Fund or require further information, please contact our Client Services team on 1800 188 013 between 8.30am and 5.30pm Sydney time, Monday to Friday.

Further information about the Fund is also available online at www.ampcapital.com.au. This information includes performance reports. When reading Fund performance information, please note that past performance is not a reliable indicator of future performance and should not be relied on when making a decision about investing in the Fund.

”

Our Sustainable Alpha investment approach

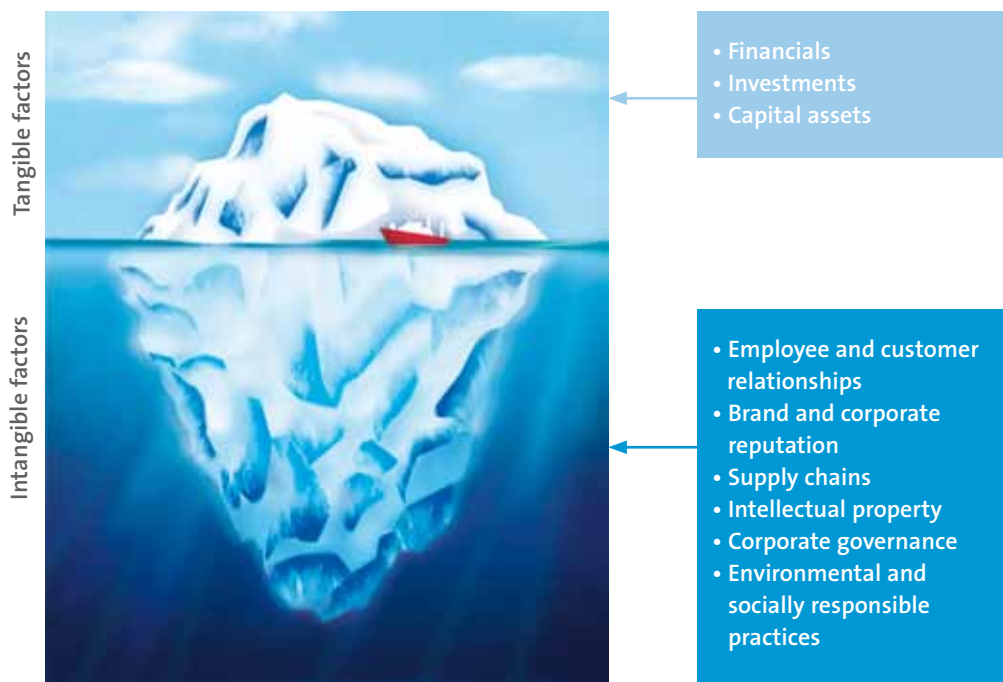

Our Sustainable Alpha investment process is an active, bottom up approach that systematically integrates environmental, social and governance factors with financial measures to gain deeper insights into a company's growth and risk elements.

We have found that companies which are proactive in taking these factors into account are generally more successful, and subsequently have the potential to add greater investment value, than companies who do not place an emphasis on these factors.

Recognising hidden factors

Our research into the top 100 companies listed on the Australian Securities Exchange has identified that over 75% of a company's value is made up of intangible factors such as corporate reputation, the way a company manages and retains its employees, the quality of its value chain, its occupational health and safety practices, and its commitment to environmental and socially responsible practices.

The Sustainable Alpha investment process enables us to add value for investors by integrating these intangible factors into the company selection process, to expose the hidden factors that contribute to a company's value.

Company selection

In using our Sustainable Alpha process to select companies as investments for the Fund, we consider sustainability issues at the analysis, research, risk assessment and portfolio construction stages. We also consider these issues in the ongoing maintenance of the Fund's portfolio.

This integration of environmental, social and governance factors with financial measures enables us to look beyond traditional indicators of corporate success and identify undervalued companies that have the potential to perform well, now and into the future.

Company analysis

An initial quantitative review of stocks, on a range of financial measures of value and 'price and earnings momentum', helps focus our attention on emerging areas of value and where risks to valuations might exist. Price and earnings momentum is a measure of share price movement and revisions to earnings forecasts.

This initial review, combined with research into issues such as industry structure, managerial capability and secular trends (eg demographics and changing consumer values), helps us understand issues associated with companies' long term growth and risk profiles. The research aspect of the process is mainly done through company visits, managerial interviews and in depth analysis of the value chain involving customers, suppliers and competitors.

Sustainability research

Our environmental, social and governance (ESG) researchers profile and rank companies based on over 200 criteria, with company performance ranked on measures of sustainability, environmental and social responsibility and corporate governance.

As some sectors may exhibit considerable environmental, social or governance risks, companies operating in these sectors are required to show proof that they are capable of managing these risks before we will consider the company as an investment for the Fund.

As part of the analysis process, ESG researchers also conduct industry sector based studies. These studies consider the key industry sustainability drivers and company specific intangible factors influencing longer term investment returns from listed companies within major industries.

Sustainability research covers companies within 'industries of the future' and companies considered to be leaders in corporate social responsibility.

Industries of the future

These include health care, renewable energy, mass transport and recycling and typically exhibit strong growth prospects driven by environmental, social and governance issues such as mandatory renewable energy targets, government recycling initiatives and water restrictions. Companies in these industries are often forecast to experience above average growth rates as increasing government regulation and changing social needs create an accelerated demand for their products.

Leaders in corporate social responsibility

These include companies in traditional sectors such as banking, insurance and property, where we consider those companies to be leaders in social and environmental performance. Companies are assessed on corporate social responsibility factors that include environmental management, community relations, workplace practices, corporate governance and human rights.

Portfolio construction

We seek to overweight stocks that tend towards attractive valuation and positive price and earnings momentum, with the objective of constructing a diverse yet focused portfolio that aims to deliver competitive returns, balanced by sustainability outcomes.

Maintaining the portfolio

One of the key aspects of maintaining the Fund's portfolio is that we encourage companies to improve their environmental, social and governance performance. We do this through constructive engagement with managing directors and key staff.

For investors in the Fund, this means important environmental, social and governance issues will continue to be considered by the companies in which the Fund invests.

The investment team

AMP Capital's Sustainable Alpha team is made up of portfolio managers and environmental and social researchers. Each team member has specialist experience in either financial analysis or environmental, social and governance analysis, with an increasing number of team members becoming trained across both disciplines.

Additionally, the team has access to the resources of our Australian share teams and the AMP Capital Sustainable Funds' Advisory Committee. The Committee, made up of external environmental, social and governance experts, provides advice and guidance to the Sustainable Alpha team in relation to environmental, social and governance policies and practices.

Research papers

The Sustainable Alpha team produces research papers that outline our views on best practice standards and investment policies. These papers are used in our constructive engagement with key stakeholders such as companies, governments, industry bodies and non-government organisations. Research papers are available to investors, and can be obtained online at www.ampcapital.com.au or by contacting us.

Investors' Group on Climate Change

AMP Capital was a founding institution of the Investors' Group on Climate Change (IGCC). Our contribution to the IGCC is co-ordinated through our Sustainable Alpha team.

The IGCC aims to raise awareness, within the investment industry, of the impacts of climate change, and encourages best practice approaches to including these impacts into investment analysis.

Fund profile

The Fund's investments

Shares listed on the Australian Securities Exchange ¹	90-100%
Cash and fixed interest securities ²	0-10%

1. Where it is consistent with the Fund's objectives, the Fund may also have a small exposure to companies that are unlisted and that we believe are likely to be listed. The Fund may also invest up to 5% in international shares.
2. The assessment of environmental, social and governance standards does not apply to these components.

Borrowing

The Fund is not restricted in the amount that it can borrow, and may borrow to meet its short term liquidity needs.

Derivatives

The Fund may use derivatives with the aims of:

- protecting against risks such as unfavourable changes in an investment's price brought about by, for example, changes in interest rates, credit risk, equity prices, currencies or other factors
- enhancing returns by taking advantage of favourable mispricings within a market, as a cost-effective alternative to purchasing physical assets, and
- implementing the Fund's investment objectives.

We impose restrictions on the use of derivatives within the Fund and monitor the implementation of these restrictions in accordance with the AMP Capital Derivative Risk Statement, which can be obtained by contacting us.

Currency management

Generally the Fund's international shares are hedged back to Australian dollars.

Sustainability disclosure statement

We systematically address labour standards, together with environmental, social and governance standards, when deciding whether to buy, hold or sell shares on behalf of the Fund.

We rate companies on a matrix which considers:

- industries by sustainability, and
- a company's environmental, social and governance (ESG) performance with each factor weighted according to AMP Capital's assessment of the importance of these factors to each industry.

In selecting companies, we require higher ESG performance for companies that have lower levels of sustainability.

Characteristics of AMP Capital's sustainability approach

- **Seeking out 'Industry of the future' companies** within sectors with the most socially and environmentally sustainable performance outcomes. These sectors include education and training, health care, renewable energy, waste management and mass transport.
- **Exclusion of industries judged to be least sustainable** on their social and environmental performance outcomes. This results in exclusions of companies with material exposure to the production or manufacture of alcohol, armaments, gambling, nuclear power (including uranium), pornography and tobacco. 'Material exposure' is considered to be where a company has an exposure of more than 10% based on financial criteria such as revenue.
- **Identify leaders in traditional sectors** who take a leading and pro-active approach to community, workplace, governance, environmental and business ethics issues.
- **Higher hurdles for less sustainable industries.** In less sustainable industries such as oil and mining, we expect companies to take a proactive and leading approach to corporate social responsibility.
- **Active financial analysis** is used with the aim of identifying those stocks, from the approved 'universe' of stocks, which are expected to outperform.

In addition, we engage constructively with companies to manage social and environmental challenges.

Standards for assessment

When considering companies in which to invest, the Fund draws on a range of general and industry specific standards including:

- **Labour standards** including occupational health and safety (OH&S) and employment laws, international labour standards (eg International Labour Organisation Core Standards, UN Declaration of Human Rights), the level of development of OH&S and employment management systems and OH&S and employment performance outcomes
- **Environmental standards** including domestic and international environmental law, a company's level of development of environmental management systems (eg the ISO 14001 environmental management standard), and environmental performance outcomes
- **Social standards** including consultation and involvement with the local and broader community, and the level and quality of sustainability reporting to shareholders
- **Ethical standards** including corporate governance practices and specific industry and company law, and best practice regarding relationships with suppliers, customers and competitors.

Retention and realisation policies

If a company falls below our sustainability standards, under normal circumstances it is sold within six months. A company may also be sold at any time for financial reasons.

Application of ESG standards

The assessment of environmental, social and governance (ESG) only applies to the Fund's equity component, which makes up at least 90% of the Fund's assets, and not to the cash and fixed interest securities component.

We monitor companies against our ESG standards on an ongoing basis.

Further information

Further information about our investment process and the sustainability considerations we take into account can be obtained online at www.ampcapital.com.au or by contacting us.

Distributions

The Fund aims to pay distributions half yearly.

You should be aware that although the Fund's objective is to pay distributions half yearly, the amount of each distribution may vary or no distribution may be payable in a six month period.

Unit prices will normally fall after the end of each distribution period. Consequently, if you invest just before the end of a distribution period, some of your capital may be returned to you as income in the form of a distribution.

Distributions paid are based on the income earned by the Fund and the number of units you hold at the end of the distribution period. For example, if you held 50,000 units in the Fund, and the Fund paid a distribution of \$0.02 per unit for a six month period, you would receive \$1,000 (that is, 50,000 units x \$0.02 per unit). Please note that the distribution rate will vary for each distribution.

Payment of distributions

You can choose to have distributions:

- paid directly into your current nominated account, or
- reinvested in the Fund

by indicating your selection on your application form. If no selection is made, distributions will be reinvested.

Reinvestment

The issue price for reinvested distributions is determined by the net asset value (adjusted by any distribution payable) and the number of units on issue in the unit class as at the last day of the distribution period. No buy spread is applied to reinvested distributions.

Risks of investing

All investing involves risk

Generally, the higher the expected return, the higher the risk.

Whilst the Fund is managed with the aim of providing competitive investment returns against the Fund's performance benchmark and protecting against risk, you should be aware that the Fund is subject to investment risks, which could include delays in repayment, the non-payment of distributions and loss of capital invested.

Investment risks can affect your financial circumstances in a number of ways, including:

Your investment in the Fund may not keep pace with inflation, which would reduce the future purchasing power of your money.

We may not be able to achieve the stated aims and objectives of the Fund.

The amount of any distribution you receive from the Fund may vary or be irregular, which could have an adverse impact if you depend on regular and consistent distributions to meet your financial commitments.

Your investment in the Fund may decrease in value, which means you may get back less than you invested.

The value of your investment in the Fund may be affected by the risks listed in this section and by other risks or external factors such as the state of the Australian and world economies, consumer confidence and changes in government policy, taxation and other laws.

As the risks noted in this section do not take into account your personal circumstances, you should

consider the information provided in 'Making an investment decision' at the end of this section, before making a decision about investing or reinvesting in the Fund.

Risks specific to the Fund

Share market investments

Share market investments have historically produced higher returns than cash or fixed interest investments over the long term. However, the risk of capital loss exists, especially over the shorter term.

Companies

Specific risks relating to individual companies may include disappointing profits and dividends, and management changes.

Interest rates

Cash and fixed income investments will be impacted by interest rate movements. While capital gains may be earned from fixed income investments in a falling interest rate environment, capital losses can occur in a rising interest rate environment. The risk of capital gain or loss tends to increase as the term to maturity of the investment increases.

Credit

Fixed income investments are subject to default risk, which means that the credit issuer may default on interest payments, the repayment of capital or both.

Derivatives

There are risks of losses to the Fund, through the use of derivatives, and where derivatives are used by underlying funds in which the Fund invests.

These risks include the risks that:

- the value of a derivative may not move in line with the value of the underlying asset
- a derivative position cannot be reversed
- losses may be magnified, and
- the party on the other side of a derivative contract may default on payments.

International investments

- **Currency exchange rates** – Where the Fund's investments are located overseas, the relative strength or weakness of the Australian dollar against other currencies may influence the value of, or income from, an investment.
- **Less protection under laws outside of Australia** – The laws under which assets located outside of Australia operate may not provide equivalent protection to that of Australian laws.
- **Emerging markets** – Securities markets in emerging markets are smaller and have been more volatile than the major securities markets in more developed countries. Clearance and settlement procedures may be less developed, which could lead to delays in settling trades and registering transfers of securities.

Other risks

Other risks of investing may apply and you should seek appropriate advice before investing.

Making an investment decision

As the risks noted in this section do not take into account your personal circumstances, you should consider the following before making a decision about investing or reinvesting in the Fund:

- **Obtain professional advice** to determine if the Fund suits your investment objectives, financial situation and particular needs.
- **Read a current AMP Capital Sustainable Share Fund PDS.**
- **Consider the minimum investment timeframe** for the Fund.
- **Regularly review** your investments in light of your investment objectives, financial situation and particular needs.

Fees and other costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.fido.asic.gov.au) has a managed investment fee calculator to help you check out different fee options.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your investment account, from the returns on your investment or from the Fund assets as a whole.

Taxes are set out on page 21 of this PDS.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

*** Important**

Advice fees agreed between you and your financial adviser, and other service fees, may apply to your investment in the Fund through this PDS. Advice fees may be in the form of an investment advice fee and/or an ongoing advice fee.

Please refer to 'Payments to your financial adviser' in this section for information about the advice fee that may be payable.

'Additional explanation of fees and costs' in this section provides information about other fees such as buy and sell spreads that may also apply to your investment in the Fund.

Additional explanation of fees and costs

Management costs

Management costs are made up of a management fee and recoverable expenses. Any management fees and recoverable expenses charged by underlying funds are included in the management costs in Table 1; they are not an additional cost to you.

Management fee

The management fee is charged on the value of the gross assets of the Fund. When calculating the value of the gross assets of the Fund for this purpose, we may value any units held by the Fund in underlying funds by reference to the gross assets of the underlying funds (that is, disregarding the value of any borrowings, other liabilities or provisions in those underlying funds) rather than the net asset value.

Recoverable expenses

The Fund's constitution entitles us to be reimbursed from the Fund for any expenses incurred in relation to the proper performance of our duties.

We may also recover other expenses relating to the operation of the Fund. These expenses include but are not limited to audit and legal fees, tax and accounting services, custody, administration and registry services and the cost of preparing disclosure documents. Internal expenses we incur in connection with these matters may also be recovered from the Fund. Recoverable expenses are included in the management costs in Table 1. The recoverable expenses incurred by the Fund will not exceed 0.05% per annum.

Maximum fees

The maximum fees that can be charged under the Fund's constitution are:

- Contribution fee – 5% of the application amount. We currently do not charge a contribution fee.
- Withdrawal fee – 5% of the withdrawal amount. We currently do not charge a withdrawal fee.
- Management fee – 3% per annum of the value of the assets of the Fund. We currently charge a management fee of 1.45% per annum.

Buy and sell spreads

Investments and withdrawals may incur buy and sell spreads, which are designed to ensure, as far as practicable, that any transaction costs incurred as a result of an investor entering or leaving a fund are borne by that investor, and not other investors.

Buy and sell spreads are calculated as a pre-determined estimate of the average of the costs the Fund may incur when buying or selling assets. They will be influenced by our experience of the costs involved in trading these assets or the costs that a fund has actually paid, and will be reviewed whenever necessary to ensure they remain appropriate.

Buy and sell spreads are additional to the fees noted in Table 1 and are retained within the Fund; they are not fees paid to us.

The buy spread (currently 0.25%) is taken out of application amounts. The sell spread (currently 0.25%) is taken out of withdrawal amounts. This means that an investment of \$50,000 would incur a buy spread of \$125, and a withdrawal of \$50,000 would incur a sell spread of \$125.

Other costs

Transactional and operational costs

Transactional and operational costs associated with dealing with the Fund's assets may be recovered from the Fund in addition to the fees noted in Table 1. Transactional and operational costs may include transactional brokerage, stamp duty and the buy and sell spreads of any underlying fund. These costs will differ according to the type of assets in the Fund, and will be paid out of the Fund.

Costs related to a specific asset or activity to produce income

The Fund may also incur costs (related to a specific asset or activity to produce income) that an investor would incur if they invested directly in a similar portfolio of assets, for example the costs of gearing. These costs will be paid out of the Fund and are additional to the fees noted in Table 1.

Liabilities properly incurred

The Fund's constitution entitles us to be indemnified from the Fund for any liability properly incurred.

Changes to fees and costs

Any of the existing fees can be changed without the consent of investors. However, we will give investors 30 days written notice of any intention to:

- increase the existing fees, expenses or recovery of expenses, or
- introduce withdrawal fees.

We may also introduce or increase other fees at our discretion. This may occur where increased charges are incurred due to government changes to legislation, increased costs, significant changes to economic conditions, or where third parties impose or increase processing charges. However, we currently do not foresee any reason why the fees noted in Table 1 would be increased.

Tax

Unless otherwise stated, the fees shown in Table 1 are inclusive of Goods and Services Tax (GST) and any applicable stamp duty, less reduced input tax credits. The benefits of any tax deductions, including additional input tax credits for GST, are passed on to investors in the form of reduced fees or costs.

For information about the tax implications of investing in the Fund, see the 'Tax and social security' section of this PDS.

Differential fees

We may negotiate a rebate of part of the management fee or charge a lower management fee with investors who are wholesale clients for the purposes of Section 761G of the Corporations Act or with AMP staff. Further information can be obtained by contacting us.

Alternative forms of remuneration

We comply with the Investment and Financial Services Association and Financial Planning Association Joint Code of Practice on Alternative Forms of Remuneration, which requires us to maintain a register to record any material forms of alternative remuneration we may pay or receive. We will provide you with a copy of the register free of charge, on request.

Other payments

We may make payments such as online brokerage payments, to other parties in relation to your investment in the Fund. These costs are paid out of the management costs; they are not an additional cost to you.

Payments to your financial adviser

Advice fees

You may agree with your financial adviser that advice fees will be paid for financial planning services your financial adviser provides for you. These advice fees are additional to the fees shown in Table 1, and are paid to your financial adviser, not to us.

Advice fees may be in the form of:

- an investment advice fee, and/or
- an ongoing advice fee

as described below.

You and your financial adviser determine the amount of any advice fees and how they will be charged. This information must be noted on your application form when you make your initial investment and each time you make an additional investment.

Investment advice fee

This fee is charged when you make your initial investment in the Fund and each time you make an additional investment. The fee is a fixed percentage of each investment amount.

We deduct the fee from each investment amount and forward it to your financial adviser before issuing units in the Fund.

Please note that this fee does not apply to investments made through a regular investment plan.

Ongoing advice fee

This fee is a set percentage of your investment balance, and is paid monthly based on your investment account balance at the end of each month.

We deduct the fee monthly from your investment account (by selling the appropriate number of units) and forward it to your financial adviser.

You can change the ongoing advice fee at any time by written agreement between you and your financial adviser, and you can cancel the ongoing advice fee at any time. You will need to notify us of any change or cancellation in writing, by mail.

Tax

Selling units to pay an ongoing advice fee may have capital gains tax implications, although some investors may be entitled to a capital gains tax discount if they have held the units for more than 12 months.

Depending on your personal circumstances, you may also be entitled to claim advice fees as deductible expenses on your tax return. You should seek appropriate tax advice about the tax implications, if any, for you.

Other payments and benefits

Your financial adviser may receive payments and/or other benefits from the dealer group or organisation under which they operate. These payments and benefits are not a cost to the Fund.

Example of annual fees and costs

This table gives an example of how the fees and costs in the Fund can affect your investment over a one year period. You should use this table to compare this product with other managed investment products.

The fees shown in this table are an example only and are not additional to the fees described in Table 1.

1. The management costs of 1.47% are made up of a management fee of 1.45% and estimated recoverable expenses of 0.02%.
2. The \$735 shown in the table above does not include the management costs charged on the additional \$5,000 investment. The additional management cost would be \$73.50 if you had invested the \$5,000 for a full 12 months.
3. This cost does not include any advice fees paid to your financial adviser (see 'Payments to your financial adviser' in this section).

Tax and social security

Taxation treatment of your investment

It is important that you seek professional taxation advice before you invest or deal with your investment, as the taxation system is complex, and the taxation treatment of your investment will be specific to your circumstances and to the nature of your investment.

Generally, however, you are liable to pay tax at marginal rates each year on any distributions from the Fund (with the exception of a return of capital), even if the distributions are reinvested, although you may be entitled to tax credits or concessionally taxed income such as capital gains.

Please note that at the time of your initial or additional investment there may be unrealised capital gains or accrued income in the Fund. If these amounts are subsequently realised, they may be returned to you as part of a distribution from the Fund.

In addition, there may be realised but undistributed capital gains or income in the Fund. These amounts may be returned to you as part of the next distribution from the Fund.

You may also be liable to pay capital gains tax on any capital gains received from disposing of your investment.

If the Fund holds investments which are located outside of Australia, the Fund's income may include non-Australian sourced income. You may be entitled to foreign tax credits for foreign tax already paid.

Other tax information is provided in the 'Fees and other costs' section of this PDS.

Social security

Investing may affect any social security benefits to which you are or may be entitled, and you should consider discussing this with your financial adviser, Centrelink or the Department of Veterans' Affairs before investing.

Investment in the Fund

Who can invest?

Investment in the Fund through this PDS can only be made by:

- individual and joint investors 18 years of age or over
- partnerships
- companies
- trusts, and
- superannuation funds.

Please note that we can only accept applications signed and delivered from within Australia.

How to invest

Initial investment

Complete the application form accompanying a current PDS and submit it to us with your initial investment amount of at least \$30,000. You can also make your initial investment by direct debit (see the 'Applying for an investment in the Fund' section of this PDS).

Additional and regular investments

You can make additional investments of at least \$5,000 at any time.

You can also set up a regular investment plan, investing at least \$500 each month into your investment account.

You will need to complete an application form each time you make an additional investment and when you set up or change your regular investment plan. Additional and regular investments are made on the basis of the PDS current at the time of the additional or regular investment.

More detailed information about how to invest is provided in the 'Applying for an investment in the Fund' section of this PDS.

Processing applications

We generally process applications each business day, using the close of business issue price for that day. A business day for us is any day other than Saturday, Sunday or a bank or public holiday in Sydney, NSW.

If we receive an application after 3.00pm or on a non-business day for us, we treat it as having been received before 3.00pm the next business day.

We normally determine the market value and net asset value of the Fund at least each business day, using the market prices and unit prices of the assets in which the Fund is invested.

The issue price is determined under the Fund's constitution by reference to the net asset value and transaction costs pertaining to the relevant class of units, and the number of units on issue in that unit class.

Interest earned on your application amounts

We will hold your application amounts in an applications account until units in the Fund are issued to you. Any interest earned on those amounts whilst they are held in the account will be credited to the Fund.

Cooling off rights

Where we have accepted your application to invest or reinvest in the Fund, you can request the return of your investment within 14 days of the earlier of the initial transaction being confirmed, or the end of the fifth business day after the units were issued.

The amount to be returned will be your investment, adjusted to take into account any increase or decrease in the unit price, any reasonable administration and transaction costs incurred, and any tax or duty payable on the units. Because of this adjustment, the amount returned to you may be less than the amount of your initial investment in the Fund.

Your investment cannot be returned if you have exercised any rights or powers available under it.

The value of your investment

The Fund has a number of classes of units, each with its own unit price. Investments made through this PDS relate to Off-platform Class H units.

Unit prices can rise and fall on a daily basis. Consequently, the value of your investment will vary from time to time.

The value of your investment at any point in time is calculated by multiplying the number of units you hold, by the Off-platform Class H unit price current at that time. Unit prices are updated regularly online at www.ampcapital.com.au and can also be obtained by contacting us.

Risk

The Fund is not capital guaranteed and the value of an investment in the Fund can rise and fall. You should consider the risks of investing before making a decision about investing in the Fund (see the 'Risks of investing' section of this PDS).

Retaining this PDS

You should keep this PDS and any replacement or supplementary PDS, as you may need to refer to information about the Fund for ongoing investing. We will send you a current PDS and any replacement or supplementary PDS free of charge, on request.

Changes to the information in this PDS

Before making a decision to invest or reinvest in the Fund, it is important to obtain a current PDS, as information provided in a PDS may change from time to time.

If changes to the information in this PDS are not materially adverse to investors, we will update the relevant information online at www.ampcapital.com.au. However, if a change is considered materially adverse to investors, we will issue a replacement or supplementary PDS which will be available online. You can obtain a copy of the updated information and any replacement or supplementary PDS free of charge, by contacting us.

If we intend to change the Fund's investment objective or investment approach, we will advise investors in writing before making the change. See 'Changes to fees and costs' on page 18 for details about other times when we will write to investors before changing information in this PDS.

Questions about your investment

Please contact our Client Services team on 1800 188 013 if you have questions relating to your investment.

Accessing your money

Requesting a withdrawal

Nominated account

When you complete your application form, you nominate the account into which you would like withdrawals to be paid. We will only pay withdrawal amounts into your current nominated account.

You can change your nominated account at any time by providing the new nominated account details to us in writing, by mail.

Withdrawal requests

You can request a withdrawal by completing a withdrawal form or sending us a letter. Your withdrawal request can be sent to us:

- (a) by mail or fax* if the withdrawal is to be paid to your current nominated account, or
- (b) by mail only if the withdrawal is to be paid to an account other than your current nominated account.

Withdrawal forms can be obtained online at www.ampcapital.com.au or by contacting us.

If requesting a withdrawal by letter, please include your client number, the name of the Fund and the withdrawal amount. We can only accept withdrawal request letters signed by the authorised signatories.

* Please refer to 'Communication by fax' in the 'Additional information' section of this PDS.

Minimum withdrawal amount and account balance

A minimum withdrawal amount of \$5,000 applies, and we generally require a balance of \$30,000 to keep your investment open. If your account balance falls below this level, we may redeem your investment and pay the proceeds to you. We reserve the right, however, to accept lower account balances.

Processing withdrawal requests

Withdrawal requests are generally processed each business day. A business day for us is any day other than Saturday, Sunday or a bank or public holiday in Sydney, NSW.

If we receive a withdrawal request before 3.00pm on a business day, we will process the request using the close of business withdrawal price for that day.

Withdrawal requests received after 3.00pm or on a non-business day for us are treated as having been received before 3.00pm the next business day.

We aim to process each withdrawal request within 10 business days of receiving the request (see 'Payment times' in this section).

Total withdrawals

Where the total withdrawals exceed 5% of the net assets of the Fund on any one day, we may determine that part of the withdrawal amount payable consists of income.

Withdrawal prices

We normally determine the market value and net asset value of the Fund at least each business day, using the market prices and unit prices of the assets in which the Fund is invested.

The withdrawal price is determined under the Fund's constitution by reference to the net asset value and transaction costs pertaining to the relevant class of units, and the number of units on issue in that unit class.

Payment times

Although we aim to process withdrawal requests within 10 business days of receipt, you should be aware that:

- payment and processing of withdrawal requests is dependent on the Fund's cash position, and
- the Fund's constitution allows up to 30 days, or longer in some circumstances, to process withdrawal requests. These circumstances include
 - where we are unable to realise sufficient assets due to circumstances beyond our control, such as restricted or suspended trading in the market for an asset, or
 - if we do not consider it is in the best interests of investors to realise sufficient assets to satisfy a withdrawal request.

Transfer of units

Please contact us for all transfer requests. Stamp duty will generally need to be paid on the transfer of units.

Keeping you informed

Investment information

We will send you the following information:

- confirmation of each transaction (other than transactions made through a regular investment plan)
- quarterly statements which show the balance of your investment and any transactions made and fees charged since your last statement, and
- a tax statement at the end of each tax year.

Online access

Online access allows you to view your account details at any time. To register for online access, please contact us.

Fund information

We will provide you with the following information free of charge, on request:

- the Fund's annual financial reports
- a paper copy of any updated information, and
- any replacement or supplementary PDS.

Additional information

Rights attaching to each class of units

The Fund has a number of classes of units. This PDS relates to Off-platform Class H units. Under the Fund's constitution, the different unit classes have different management costs, expenses and distributions, but otherwise all classes of units have similar rights.

Our legal relationship with you

The Fund is a managed investment scheme, structured as a unit trust and registered under the Corporations Act. The Fund's constitution provides the framework for the operation of the Fund and with this PDS, the Corporations Act and other relevant laws, sets out the relationship between us and investors. We will send you a copy of the Fund's constitution free of charge, on request.

The Fund's constitution

Some of the provisions of the Fund's constitution, such as maximum fees, are discussed in this PDS. Further provisions relate to:

- the rights and liabilities of investors
- the times when processing of withdrawal requests can be extended, such as if the Fund is illiquid or it is not in the best interests of investors
- where taxes or other amounts can be deducted from payments to investors
- where transfers and applications may be refused
- our liability to investors in relation to the Fund, which is limited to any liability imposed by the Corporations Act, so long as we act in good faith and without gross negligence
- our powers, rights and liabilities as responsible entity of the Fund, including our power to invest the assets of the Fund, to deal with ourselves and our associates, to be paid fees and to be reimbursed or indemnified out of the assets of the Fund

- our right to be reimbursed by an investor or former investor for tax or expenses we incur as a result of their request, action or inaction, or to redeem units to satisfy amounts due to us from an investor
- changing the Fund's constitution, including in some cases without investor approval, such as to meet regulatory changes
- our ability to terminate the Fund at any time
- when we can terminate the Fund or retire, and what happens if this occurs, and
- voting rights.

Although the Fund's constitution limits an investor's liability to the value of their units, the courts have yet to determine the effectiveness of provisions like this.

Complaints procedure

We have an established procedure to deal with any complaints. When we receive a complaint from you by telephone on 1800 188 013 or in writing to AMP Capital Investors Limited, Reply Paid 125, Parramatta NSW 2124, we ensure an appropriate person properly considers the complaint, and we give you information about any further action available to you.

If we are unable to resolve your complaint within 24 hours, we will keep you informed, giving the time frame in which we expect to resolve the matter and the name of the representative managing the resolution of your complaint. We may also require additional information from you.

If the matter is not resolved to your satisfaction or is not resolved within 45 days, you may wish to contact the Financial Ombudsman Service, by telephone on 1300 780 808 or in writing to GPO Box 3, Melbourne Victoria 3001. The Financial Ombudsman Service is independent from us.

Your privacy

Our main purpose in collecting personal information is so that we can establish your investment account and appropriately carry out administration associated with your account. If you choose not to provide the information requested in the application form, we may not be able to process your application.

The information collected may also be used for providing you with ongoing information about a range of financial services. Please let us know if you prefer not to receive this information.

We usually disclose information to other members of the AMP Group, financial advisers where applicable, and to external service suppliers who supply administrative, financial or other services that assist us in providing services to you.

The AMP Privacy Policy Statement sets out the AMP Group's policies on management of personal information. The policy can be obtained online at www.ampcapital.com.au or by contacting us.

Under the Privacy Act 1988 (Cwlth), you may access personal information we hold about you, although the Act does set out some exemptions to this. If you believe information we hold about you is inaccurate, incomplete or out of date, please contact us.

Nominated representative

You may nominate a representative to operate your investment in the Fund on your behalf. Your nominated representative will be able to exercise the same powers as you under the Fund's constitution, including transacting on your investment account.

Conditions

By nominating a representative, you agree to certain conditions, including indemnifying us against any liabilities arising out of the nomination of your representative. You will be provided with the full terms and conditions when you nominate your representative.

Please contact us if you require further information.

Unit Pricing Discretions Policy

We may exercise certain discretions in determining the unit price of units on application and withdrawal in the Fund. Our Unit Pricing Discretions Policy, which can be obtained online at www.ampcapital.com.au or by contacting us, sets out the types of discretions that we may exercise and in what circumstances, our policies on how we exercise the discretions and the reasons why we consider our policies are reasonable. We are required to keep a record of any instance where we exercise a discretion in a way that departs from these policies.

Communication by fax

When you communicate with us by fax, it is your responsibility to obtain confirmation from us that we have received your fax. We are not responsible for any loss or processing delay that occurs as a result of us not receiving a faxed communication. Please note that we do not accept a sender's fax transmission record as evidence that a communication has been received by us. You also indemnify us against any loss or liability arising from us acting on any fraudulent communication received by fax.

Direct debit request terms and conditions

Before completing the direct debit request

Before completing the direct debit request in the application form, we recommend that you check with your financial institution to confirm that your nominated bank account can support direct debits, and to determine any fees your financial institution may charge you for using the direct debit service.

Signing the direct debit request

You should sign your direct debit request in the same way as the account signing instruction held by your financial institution.

Agreeing to the direct debit request terms and conditions

By completing the direct debit request in the application form, you agree to the terms and conditions listed below. These terms and conditions are subject to change. We will give you 14 days notice of any intended changes.

Terms and conditions

1. You authorise us to debit, through the Bulk Electronic Clearing System (BECS), payments from the bank account nominated in your direct debit request. (Our user ID number for these direct debits is 031825.)
2. Your direct debit request allows us to deduct, from your nominated bank account, the initial, additional and/or monthly regular investment amount(s) indicated on your application form. Where a direct debit due date falls on a non-business day for us, we will debit the amount on the next business day.
3. You are responsible for ensuring that your nominated bank account has sufficient cleared funds available to pay each debit when it becomes due. If there are insufficient funds and your financial institution dishonours the payment, any charges incurred by your financial institution may be debited from your investment account. Any charges incurred by us may also be debited from your investment account or recovered in some other way.
4. You must tell us in writing if you close or change the bank account you have nominated.
5. You can cancel your direct debit request, stop or defer an individual debit or request a change to the debit amount by notifying us in writing, by mail. We must receive your instruction at least five business days before the next direct debit due date in order to process your cancellation request before that date.
6. If you believe that a debit has not been correctly processed, contact us or your financial institution.
7. If debits are returned unpaid by your financial institution we will either attempt to debit your nominated bank account again or contact you to arrange another way of paying. We reserve the right to cancel the direct debit arrangement without notice if any debits are returned unpaid by your financial institution.
8. We will keep all information relating to your nominated bank account private and confidential, except to the extent that you consent to those details being disclosed or as the law otherwise requires. You consent to us using or releasing your nominated bank account information to your financial institution and our financial institution, so that we can investigate any possible incorrect debits, or if our financial institution needs information.
9. You indemnify us against all losses, costs, damages and liability (including, without limitation, legal costs and expenses on a full indemnity basis) that we suffer as a result of you breaching this agreement or providing us with an invalid or non-binding direct debit request. This indemnity is a continuing obligation, separate and independent from your other obligations and survives termination of this agreement. It is not necessary for us to incur expense or make payment before enforcing a right of indemnity under this agreement. You will pay us all or any sum due without deduction or set-off (and irrespective of any counterclaim).
10. This indemnity does not apply to the extent of any fraud, negligence or breach of trust on our part, or on the part of any of our delegates or agents.

Anti-money laundering and counter-terrorism financing

To comply with our obligations under anti-money laundering and counter-terrorism financing legislation, we must collect certain information about each investor, supported by relevant identification documents. Examples of identification documents include passports and driver's licences for individuals, and evidence of registration for entities such as companies. The documents you will need to provide are listed in the form you complete at the time of applying for an investment in the Fund.

By applying to invest in the Fund you warrant that:

- you comply and will continue to comply with all applicable anti-money laundering (AML) and counter-terrorism financing (CTF) laws and regulations, including but not limited to the laws and regulations of Australia in force from time to time (AML/CTF Law)
- you are not aware and have no reason to suspect that:
 - the moneys used to fund your investment in the Fund have been or will be derived from or related to any money laundering, terrorism financing or similar activities that would be illegal under applicable laws or regulations or otherwise prohibited under any international convention or agreement ('illegal activity'), or the proceeds of your investment in the Fund will be used to finance any illegal activities
- you, your agent or your nominated representative will provide us with all additional information and assistance that we may request in order for us to comply with any AML/CTF Law, and
- you will notify us if you are or become:
 - a 'politically exposed' person or organisation for the purposes of any AML/CTF Law, or
 - commonly known by a name other than the name provided in the form you complete at the time of applying for an investment in the Fund.

By applying to invest in the Fund, you also acknowledge that we may:

- decide to delay or refuse any request or transaction, including by suspending the issue or redemption of units in the Fund, if we are concerned that the request or transaction may breach any obligation of, or cause us to commit or participate in an offence under any AML/CTF Law, and we will incur no liability to you if we do so
- take other action we reasonably believe is necessary to comply with AML/CTF Law, including disclosing any information that we hold about you to any of our related bodies corporate or service providers whether in Australia or outside Australia, or to any relevant Australian or foreign AML or CTF regulator, and
- collect additional information about you from time to time, from you or from third parties, for the purposes of satisfying our AML/CTF Law obligations, and that we may use and disclose any such information as described under 'Your privacy' in this section.

Applying for an investment in the Fund

How to apply

You will need to complete an application form accompanying a current PDS when you:

- apply for an initial investment in the Fund
- make an additional investment, or
- set up a regular investment plan.

All investments are made on the basis of the PDS current at the time of contributing your investment amount. You can obtain a current PDS online at www.ampcapital.com.au or by contacting our Client Services team on 1800 188 013.

Applying for an initial investment

Minimum initial investment amount

The minimum amount for an initial investment is \$30,000, payable by cheque or direct debit. We reserve the right to accept lower investment amounts.

Initial investment by cheque

Cheques should be crossed 'Not negotiable' and made payable to:

AMP Capital Investors Limited – <Investor name>.

Initial investment by direct debit

Complete the direct debit request in the application form, providing the details of the bank account from which you would like us to deduct your initial investment amount and acknowledging that you have read and understood the direct debit request terms and conditions in the 'Additional information' section of this PDS.

Direct debiting on your nominated account should occur within five business days of the date we receive your application form.

Making an additional investment

Minimum additional investment amount

The minimum amount for an additional investment is \$5,000, payable by cheque or direct debit.

Additional investment by cheque

Cheques should be crossed 'Not negotiable' and made payable to:

AMP Capital Investors Limited – <Investor name>.

Additional investment by direct debit

Complete the direct debit request in the application form, providing the details of the bank account from which you would like us to deduct your additional investment amount and acknowledging that you have read and understood the direct debit request terms and conditions in the 'Additional information' section of this PDS.

Direct debiting on your nominated account should occur within five business days of the date we receive your application form.

Setting up a regular investment plan

Minimum regular investment amount

The minimum amount for regular investment plans is \$500 per month, payable by direct debit only.

Regular investment by direct debit

Complete the direct debit request in the application form, providing the details of the bank account from which you would like us to deduct your regular investment amount and acknowledging that you have read and understood the direct debit request terms and conditions in the 'Additional information' section of this PDS.

We will debit your nominated account around the 20th of each month. Please note that if we receive your regular investment application after the 13th of the month, your first direct debit may not occur until around the 20th of the following month.

Frequently asked questions about application forms

What happens if I do not fill out the form correctly?

Incomplete or incorrect information in your application form can delay the processing of your application, and the issuing of units to you.

Is all the information necessary?

All information in the application form is either:

- needed for us to set up and administer your investment account (such as bank account details for the payment of distributions), or
- required by law to be contained in the form.

Do I have to provide my Tax File Number?

You do not have to provide a Tax File Number (TFN), exemption code or Australian Business Number (ABN). However, if you do not provide any of these, we are required to deduct tax from most distributions, including where those distributions are reinvested, at the highest marginal tax rate (including the Medicare levy).

Can someone sign the form on my behalf?

The application form should only be completed and signed by:

- the person who is, or will become, the unitholder
- an authorised signatory if the application is on behalf of a company, trust or superannuation fund, or
- an agent for the investor, acting under power of attorney or as a legal or nominated representative.

I already invest with AMP Capital – why do I need to provide my personal details again?

This helps us maintain accurate records for you, by confirming that the details we have are still current.

Submitting your application form

Application forms should be mailed to:

AMP Capital Investors Limited
Reply Paid 125
PARRAMATTA NSW 2124

Application form – Personal investors

Before submitting this form it is important that you read the Product Disclosure Statement (PDS) of the fund for which you are making this application to invest. The PDS can be obtained by contacting us on 1800 188 013.

Units in a fund will only be issued following our acceptance of an application form issued with the relevant PDS. If you give another person access to this application form, you must, at the same time and by the same means, give them access to the relevant PDS and any replacement or supplementary PDS. We will send you a paper copy of the relevant PDS, any replacement or supplementary PDS and the application form free of charge on request during the life of the PDS.

Please use a black pen and print in CAPITAL LETTERS.

IDENTIFICATION DOCUMENTATION

To comply with our obligations under anti-money laundering and counter-terrorism financing legislation, we must collect certain information about each investor. In some cases, this information must be supported by a 'certified copy' or 'certified extract' of an identification document.

A **certified copy** is a document that has been certified as a true and correct copy of an original document.

A **certified extract** is an extract that has been certified as a true copy of the relevant information contained in the original document.

We can only accept the certified copy itself; we cannot accept faxed or scanned versions of certified copies.

HOW TO CERTIFY COPIES

1. All documents

The person certifying a copy of any document must include the following on each certified copy:

- a) the certifier's signature
- b) the certifier's full name
- c) the date of certifying the copy
- d) the capacity in which the certifier is signing (see 'Who can certify copies?' below), and
- e) a statement to the effect of: 'I certify this to be a true and correct copy of the original document.'

2. Documents containing photographs

As well as providing the information noted above, certifiers and investors have additional responsibilities in relation to any documents that contain photographs of individuals.

• Certifier's responsibility

For any document containing a photograph of an individual, the certifier must be satisfied that the photograph is a true likeness of the individual named in that document.

• Investor's responsibility

By applying to invest in the Fund the investor (or agent for the investor if applicable) warrants that they have advised the certifier of the certifier's responsibility that for any document containing a photograph of an individual, the certifier is satisfied that the photograph is a true likeness of the individual named in that document.

WHO CAN CERTIFY COPIES?
